WORK EXPERIENCE

Junior Front End Developer

ATech Sight

12/2024 - Present

Software Company

Achievements/Tasks

- Developed and maintained responsive web applications using React.js, Next.js, implementing UI Components and ensuring cross-browser compatibility
- Collaborated with UI/UX designers and backend developers to integrate RESTful APIs and implement feature enhancements, contributing to improved application performance.

PROJECTS PORTFOLIO

Migrant Smart

- Built a platform for MigrantSmart to empower immigrants with resources, settlement services, and professional development for a smooth transition.
- Designed features to connect companies and schools with global talent, streamlining recruitment with an intuitive interface.
- Visit Website : <https://migrantsmart.developer-ma.com/> 🌐

Home Away From Home

- Developed a user-centric platform connecting guests with fully furnished homes for comfortable mid-term stays in diverse global locations.
- Focused on technology-driven hospitality management, aiming to create a scalable network of homestays and guesthouses.
- Visit Website : <https://hafhstays.com/> 🌐

Fit Doge

- Fit Doge Token is a move-to-earn blockchain project that combines fitness activities with cryptocurrency rewards, integrating DeFi protocols & NFT capabilities.
- Designed and developed a dynamic landing page for FitDoge Token featuring a modern UI with animated 3D elements.
- Visit Website : <https://fitdoge-puce.vercel.app/> 🌐
